LINDALE HIGH SCHOOL BASEBALL HELPS LINDALE STUDENT FULFILL BUCKET LIST

A third grade student at College Street Elementary will be honored around 6:25 on Thursday night, March 29 before the Lindale Eagles Baseball team takes on Nacogdoches. Lucy Heller is battling multiple diseases and her health has taken a turn for the worst. Heller's family has created a bucket list with some of her favorite things, in hopes that she can live out the rest of her journey to the fullest.

"We are to the point of our journey where things are just very unpredictable," said mother, Teri Heller. "She recently suffered a pretty significant event where the signal of her brain was interrupted, causing Lucy to go into full respiratory and cardiac arrest. Her doctors feel that we are to the point in our journey with Lucy that there's not much more they can do for her. Lucy is likely to have another event and they are not sure that she will survive it."

Heller, accompanied by her father, will throw out the first pitch on Thursday night. All money raised at the game will go directly to the Heller family to help fulfill her bucket list. The list includes a princess photoshoot, an art collaboration with an artist in Dallas and a visit from Santa Claus.
