LINDALE INDEPENDENT SCHOOL DISTRICT HIRES NEW HEAD BASKETBALL COACH

The Lindale Independent School District is pleased to announce the hiring of Coach Cedeno Clark as the new head basketball coach at Lindale High School.

"I am extremely excited to become the next head boys basketball coach at Lindale High School," said Clark. "I've had the privilege to compete against Lindale in the past and always admired how the student-athletes competed with respect, passion, and discipline toward the game of basketball. I look forward to serving the student-athletes, the high school community, and Lindale ISD to the best of my ability in this next chapter of my life."

Clark is currently the varsity assistant coach for the Lindale Eagles Basketball team and the head coach of the Lady Eagles Cross Country team. He also serves as a world geography teacher at Lindale High School. Previously, Clark served as a teacher and a coach at Tyler ISD for 17 years. He was the head boys basketball coach at Tyler High School for 9 of those years.

"We are super excited about Coach Clark," said Superintendent Stan Surratt. "He has great experience as a head coach and superior knowledge of the game of basketball. He is a wonderful teacher of the game."

Clark earned a Bachelor of Business Administration degree from Jarvis Christian University and a Master's in Education Administration from Grand Canyon University.
